Corrected Classmate's Errors List

1. Changed `<scrpt type="text/babel">` to `<script type="text/babel">`
2. Added `<script src="https://unpkg.com/babel-standalone@6/babel.min.js"></script>` inside the `<head>` section
3. Changed `<main class="man">` to `<main class="main">`
4. Changed `class Piece extends React.Component { {` to `class Piece extends React.Component { render() {`
5. Added the missing closing brace and closing parenthesis for the `render()` method in the Piece component
6. Changed `const blackPawn = "black-pawn.pg";` to `const blackPawn = "black-pawn.png";`
7. Changed `const color = (i + j) % 2 === 0 ? "#Cff" : "#300";` to `const color = (i + j) % 2 === 0 ? "#ffffff" : "#000000";`
8. Changed `<board />` to `<Board />`
9. Changed `ReactDOM.render(<App >`, to `ReactDOM.render(<App />`,
10. Changed `document.getElementByclass("container")` to `document.getElementById("container")`
